ARMISTICE IS BROUGHT TO END AT ONE O'CLOCK

Insurrecto Leaders Take Command of Forces and War-Like Move Towards Juarez is Under Way Once More.

MESSAGE FROM DIAZ SENT BY NAVARRO

Americans in City of Mexico Are in Fear of Outbreaks But Thus Far City is Quiet and Peaceable.

(By Evening Herald A. P. Leased Wire) El Paso, Texas, May 6.—The armistice officially was declared off at General Madero at 1 o'clock today.

The armistice expired at 12 o'clock and the insurrecto outposts moved closer to Juarez as if making ready for an attack. An answer from General Navarro was said to be on its way to the Madero headquarters by messenger.

General Blanca, Colonels Garza and Villa stationed themselves at the head of their commands ready to receive word from General Pascual Orozco at headquarters. A detachment of federales left Juarez scouting for any insurrecto advance.

The federal troops returned to the trenches in front of Juarez this afternoon, from which they withdrew when the armistice was begun. The insurrectos were reported to be building trenches directly opposite the union station at El Paso.

At 1 o'clock this afternoon a long cipher message from Minister Loran addressed to Senator Braniff reached here. It is inferred that it contains private assurances as to the attitude of the government. Senator Braniff was at the Madero headquarters three miles from here when it came. It probably will not reach him for at least an hour, but the fact that it is on its way may deter the other leaders from taking any action.

General Madero announced that while he would not consent to a renewal of the armistice he would not attack Juarez today.

Judge Garza, federal peace envoy, at 10:30 o'clock this morning declared he had not received a full answer yet to the propositions submitted by Francisco I. Madero, Jr., through his peace commissioners Thursday. He ascribed the delay to interruption of the telegraphic facilities, informed Madero to that effect and suggested that the armistice which expires at noon today be extended. Madero at that time said he would agree to the extension.

At the Madero camp the opinion then prevalent that Judge Garza had received part of the government's answer, but not all of it. They were confident that the announcement of the intention of President Diaz to resign would be made before the day was over and they were joyfully anticipating it.

NO ANNOUNCEMENT OF RESIGNATION IS MADE

Mexico City, May 6. The city was quiet this morning. An announcement of the government's attitude toward the rebel demand for the retirement of President Diaz is not forthcoming as yet. Although the earlier meeting, which lasted until late into the night, was followed by another today, none of those concerned would say that the president was ready to resign.

The attitude of President Diaz's ministers makes it appear probable that an announcement of the president's resignation, if such were determined on, would be transmitted to Francisco I. Madero, Jr., the revolutionary leader, before being made public in the capital.

Sensational reports regarding Diaz's health were in circulation today, being based on the postponement of the reception of the Chilean minister which had been set for today. These reports are unfounded and it is now clearly admitted officially that the real reason for the postponement was the pressure of business in connection with the peace negotiations.

The relief felt over the fact that the holiday passed without disorders has given place to new apprehension regarding the attitude of Washington. Recent dispatches from the American capital are interpreted to mean that intervention may be considered imperative if the peace negotiations fail.

Danger of an attack on the capital by the rebels appears remote.

General Huerta with a force of federales has left for Chihuahua, the capital of Morelos, with the intention of clearing the district of rebels, which he says will be a task of only a few days.

It is believed that train service between this city and Cuernavaca will be restored today, although the rebels are still in numbers along the line, fleeing from Lares are running by way of Tampico.

Postal and telegraphic communication between San Luis Potosi and Saltillo remains impossible. There is no truth in the report circulated in the United States that street racing occurred in this city yesterday. The street activity was described as

ately in these dispatches last night.

Americans in this city are not in danger, nor will they be unless intervention should provoke anti-American feeling on the part of the populace. There is, however, no indication of any such sentiment at the present time.

Last evening the day's festivities wound up with the usual illuminations, fireworks and band concerts.

The only incident approaching disorder was due to the holiday exuberance of the crowds, several hundred men and boys gathering in the garden of the Zocalo in the Plaza Mayor, shouting and amusing themselves with good-natured bantering of the police, of whom a large number were on guard in the park.

Eventually, when the sky-larking promised to develop some excitement, the police rode through the crowds, dispersing the people. A dozen persons who objected to being sent home became obstinate and were taken in charge by the officers.

ALL WINDOWS CLOSED IN CITY OF MEXICO

Washington, May 6.—Officials of the administration are watching closely the developments in the situation at Mexico City, where Americans are reported to be alarmed for their safety. The sole dispatch received by the state department today on the subject confirmed the press dispatches in the statement that some rioting occurred in the capital yesterday, but was quelled by the police without difficulty or loss of life. An order, the dispatch added, has been issued that all shutters of business houses be kept closed.

STATEHOOD NEXT ORDER BEFORE THE HOUSE

Question of Admission of New Mexico and Arizona Will Come Before Lower Body Monday of Coming Week.

(By Evening Herald A. P. Leased Wire)

Washington, D. C., May 6.—Interest in the house was centered today in the forthcoming report of the committee on territories relating to statehood for Arizona and New Mexico, which will be the legislation next on the Democratic program to be considered.

The sub-committee, to which the matter was referred will report to the full committee Monday, and it in turn will report to the house committee on judiciary.

"BALM OF GILEAD" CANNON TERMS FREE LIST OF THE HOUSE

Veteran Ex-Speaker Opposes Reciprocity and Exposes Attempt to Build Up South at Expense of North.

IMPEACHMENT FOR EXECUTIVES DEMANDED

(By Evening Herald A. P. Leased Wire) Washington, D. C., May 6.—Former Speaker Cannon took the floor today in opposition to the Democratic free list bill. He referred to it as the "balm of Gilead" offered by the Democrats to the farmers because of the passage of the Canadian reciprocity bill.

Mr. Cannon demanded to know why live cattle, rice and other products of the south had not been put on the free list bill, when those products of the northern farmer had been deprived of protection by the reciprocity measure. He intimated that southern members on the ways and means committee had kept the tariff protection on southern products.

"And you wool raisers of Montana and Wyoming are in a bad way," he added. "Unless Texas comes to your rescue."

Renewing the attack on reciprocity Mr. Cannon said:

"I believe this secret agreement never would have been made if it had not been demanded by the great publishing interests of the country." He predicted that the Democrats would be overthrown at the next election.

Labor War Reaches House.

Impeachment of Governor Johnson of California, Governor Marshall of Indiana and Judge Collins of Indianapolis is demanded by citizens and trade union leaders of Duluth, Minn., as a result of the arrest and extradition of J. J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers. Representative Miller of Minnesota filed the petition in the house today. It protests against "this high-handed and flagrant violation of constitutional rights."

The protest was referred to the committee on judiciary.

LEGISLATORS CAN DO NOTHING

Court Holds That They Cannot Inspect Bank Accounts of Millionaires in Connection With Lorimer Case.

(By Evening Herald A. P. Leased Wire)

Chicago, Ill., May 6.—Judge Putt in the circuit court today declared the Illinois senate could not force inspection of private bank accounts of Edward Tidbin. This decision upholds the writ of habeas corpus obtained by Tidbin, G. W. Benedict and W. C. Cummings after they were arrested on charges of contempt for refusing to present their accounts to the state senate Lorimer investigation committee. Tidbin was named by Clarence Funk of the International Harvester company as a person to whom he was directed to send a check for \$10,000 to make up a fund of \$100,000 alleged to have been used in electing United States Senator William Lorimer.

IMPORTANT WITNESSES ARE MISSING NOW

Men Whose Testimony Is Wanted in Ohio Legislative Scandal Cannot Be Found by Prosecutor When Wanted.

(By Evening Herald A. P. Leased Wire)

Columbus, O., May 6.—A number of important witnesses that have been subpoenaed in the legislative probe scandal are missing, according to Prosecuting Attorney Turney, and have probably left the state. They include some well known lobbyists whose presence at the state house has been a subject of comment ever since the legislature convened. A well known official who has been connected with the state house many years is quoted as having said this legislature was the most corrupt in his experience and he probably will be given a chance to tell what he knows to the grand jury.

CARLSBAD BOY KILLED AS RESULT OF DIVING

Paul Huddburgh Went Swimming and When He Returned to His Home Became Suddenly Ill; Death Followed Quickly.

Special Telegram to Evening Herald

Carlsbad, N. M., May 6.—Paul Huddburgh, a 14-year-old schoolboy and the son of George Huddburgh, a farmer of this city, died suddenly Tuesday evening and was buried from the Catholic church Thursday morning at 8 o'clock. George went in bathing Friday evening and dived off of a spring board and was taken sick. He went home and was supposed to have had appendicitis which the diving aggravated, and gangrene set in. He was one of the best boys in the eighth grade and his death was a great loss to the family and community. He was an honor to his parents. The family moved here from Hermon, Kan., about four years ago and Mr. Huddburgh is one of the prosperous farmers of this community. The floral tributes were beautiful and his schoolmates followed the remains to the cemetery.
